

Opening Balance Setup

Last Modified on 09/07/2026 11:18 am AEST

The instructions in this article relate to **Opening Balance Setup**. The icon may be located on your [StrataMax Desktop](#) or found using the [StrataMax Search](#).

This menu is used exclusively to set up a new building in your portfolio. It cannot be completed until the owner details have been entered into the [Roll](#) screen. For the entire process, refer to the [Create A New Building article](#).

Opening Balance Setup cannot be used if it has been processed previously. Any attempt to do so will display the following warning:

Transactions exist. Opening balances cannot be entered.

Similarly, if transactions exist in the ledger with the descriptions 'Opening Balance' or 'Brought Forward', the **Opening Balance Setup** screen fields will be unresponsive. This is designed to help prevent opening balances from being entered and processed twice.

If this is the case, [Journal Preparation](#) can still be used as an alternative. However, it is a lot more complex and will only allow for the creation of transactions for the current year. If the opening balance is from the bank deposit, the description can be edit to 'transfer' or 'opening deposit' using [Local Transactions](#).

It is still recommended that the **Opening Balance Setup** screen be used to enter the opening balances for a new building before any other transactions are processed. These are just a few examples, but if uncertain, please get in touch with our [StrataMax Support Team](#):

- Entering and saving [Receipts](#).
 - This includes the funds transfer from the previous management company, which is processed via the [Bank Reconciliation](#) menu.
- Generating levies (entering them in [Levy Management](#) and striking them is OK).

- Entering and saving *Creditor Invoices*.
- Entering *Invoices*.
- Processing *Management Fees*.

Opening Balance Setup Features

- A simplified method of entering balances for the Current and Old Financial Years, including the Budget.
- Closing balances and creation of the prior (old) year.
- Real-time view of amounts entered to ensure that balancing amounts are entered.
- Highlighting each line being entered for ease of data entry and minimising errors.
- Easy entry of lot balances by each fund.
- Levy generation of levies already issued and due for the current year can be generated to allow for accurate reporting and arrears processing.
- Add new accounts.
- Calculation and processing of funds for system accounts.
- Save the balances for others to review or later process.
- Creates an Unpresented Receipt for Cash at Bank on the Bank Reconciliation pending the initial deposit, this will automatically Match if the deposit received in Bank Reconciliation exactly matches the opening balance entered to 012.
- Preview Financials, including Lot Balances, before processing and creating transactions.

Handover Financial Reports

When entering the opening balances, the handover financial statements from the previous management company will be required. The financial reports should be checked to ensure that they are in balance. If the report doesn't balance, the previous management company will need to be consulted, otherwise it is recommended that qualified accountant be engaged. The reports will need to include:

1. Income & Expenditure / Profit & Loss.
2. Balance Sheet.
3. Lot Positions / Debtor Balances total the same amount as the Levy Arrears or Advance figures on the Balance Sheet.
4. Details for Balance Sheet accounts: Other Debtors, GST Reports, Unpaid Creditors, Bank Statements, etc.
5. All the same reports from the prior financial year if they also need to be entered.

Prior year financials can be entered using the Opening Balance screen and completed later. However, each fund's closing balances **MUST** match the Current Year's Opening Balance to process.

Before entering Opening Balances

To make the process quicker and easier, it is recommended that the financial statements be reviewed and the accounts pre-coded with the intended account codes. This will ensure fast data entry and remove the requirement to add accounts during the data entry process. It is also recommended that the *Process Date* in the Opening Balance screen be the same date as the handover financials.

1. Review and mark the Income & Expenditure (Profit & Loss) statement and the Balance Sheet (if there are a few) on the handover financials with existing account codes in [Account Maintenance](#).

Income & Expenditure Statement for the financial year-to-date 01/07/2019 to 20/11/2019			
Administrative Fund			
		Current period 01/07/2019-20/11/2019	Previous year 01/07/2018-30/06/2019
Revenue			
10310	142000	0.00	3,285.00
1095	142500	255.39	899.93
101	143000	100,000.00	200,280.18
	<i>Total revenue</i>	100,255.39	204,645.11
Less expenses			
12110	150200	410.42	820.84
15020	153800	49.36	635.73
12705	151400	10.00	0.00
12510	152800	231.00	152.40
15015	154000	2,999.17	7,814.88
16180	154400	100.00	0.00
12110	150900	236.78	236.78
15010	157000	45.41	1,051.30
15010	184001	3,922.76	0.00
14315	159201	0.00	331.82
16180	163110	0.00	270.00
16180	172000	0.00	150.00
16350	172200	0.00	2,625.83

2. If an account code is missing, use the [Add Account](#) to either add it from the Master Chart or create a new account code.

Using Opening Balance Setup

Open the [Opening Balance Setup](#) screen by searching for it or clicking the menu icon in the StrataMax

icon (top left) > *Property Info* > *Property Setup*.

You should enter the bank balances into the '012 Cash At Bank' fields last. Please refer to the [Cash At Bank section below](#).

Add Account (Button)

If an account code is required but unavailable when entering the balances (although it is recommended that all the necessary account codes are added before you start entering the figures). In that case, you can add it directly from within the **Opening Balance Setup** menu, provided it exists in the building's local chart of accounts.

1. Click the *Add Account* button located at the bottom of the menu.

ADMINISTRATIVE FUND			SINKING FUND		
	Feb 25 - Jan 26	Jan 25		Feb 25 - Jan 26	Jan 25
Net Assets	562.35	1,347.69	Net Assets	22,470.46	21,270.46
Net Income	562.35	1,347.69	Net Income	22,470.46	21,270.46
Difference	0.00	0.00	Difference	0.00	0.00

Generate Due Levies **1**

2. When the 'Account Code List' window appears, search for the account code by typing the code number or part of the account code name into the *search* field in the top left.
3. Tag the account to add.
4. If the required account code does not exist, click the + button to add a new code.

Account Code List - Master Chart 0000

care **2**

Expense - ADMINISTRATIVE FUND **4**

Code ^	Name
<input checked="" type="checkbox"/> 13010	CARETAKER

Count: 1 **5**

5. Click the *OK* button, and the account code will appear on the **Opening Balance Setup** screen.

Entering Income and Expenditure (both funds)

Referring to the handover financials, all funds will be entered using one screen, and the budget information can also be included. The instructions below refer to the Current Year; enter these figures into the (Old) columns if an Old Year is required.

1. Check the handover date of the financial statements to be entered and adjust the *Process Date* to match.
2. Scroll to the Administrative Fund section. Enter the **Income** into the **Year to Date (Current)** column. Enter the **Budget (Current)** if desired OR use the top search and enter the account name to refine the list. The results will filter to the top of the list.
3. Enter all **Expense** items per the handover financials into the **Year to Date (Current)** column. Enter the **Budget (Current)** if desired.

Account #	Account Name	Lot/Unit	Fund	Year To Date (Current) Feb 2025 - Jan 2026	Year To Date (Old) Jan 2025	Budget (Current) Feb 2025 - Jan 2026	Budget (Old) Feb 2024 - Jan 2025
EXPENDITURE - ADMIN. FUND							
12105	ACCOUNTING		ADMINISTRATIVE FUND	44.92	42.48	50.00	
12110	ACCOUNTING - BAS PREPARATION		ADMINISTRATIVE FUND	0.00	0.00		
12505	AUDITORS - AUDIT SERVICES		ADMINISTRATIVE FUND	0.00	0.00		
12510	AUDITORS - TAXATION SERVICES		ADMINISTRATIVE FUND	0.00	0.00		
12705	BANK CHARGES		ADMINISTRATIVE FUND	198.00	198.00	200.00	
12710	BANK CHARGES - ACCOUNT FEES		ADMINISTRATIVE FUND	0.00	0.00		
12720	BANK CHARGES - RETURNED CHEC		ADMINISTRATIVE FUND	0.00	0.00		
12900	BUILDING REPAIRS		ADMINISTRATIVE FUND	0.00	0.00		
13010	CARETAKER		ADMINISTRATIVE FUND	0.00	0.00		

4. Enter the Opening Admin. Balance into the **Year to Date (Current)** column. The total Administrative Fund Balance should match the balance sheet item for the handover of Administrative Owners Funds.
5. Repeat for the Sinking Fund section. Enter the **Income** into the **Year to Date (Current)** column. Enter the **Budget (Current)** if desired.
6. Enter all **Expense** items per the handover funds into the **Year to Date (Current)** column. Enter the **Budget (Current)** if desired.
7. Enter the Opening Sinking Fund Balance into the **Year to Date (Current)** column. The total Sinking Fund Balance should match the balance sheet item for the handover of Sinking Owners Funds.

Entering the Balance Sheet incl. Lot Balances

The balance sheet contains a single data entry screen for all funds and includes separate columns for each available fund to be entered. For any Debtor/ Lot Balances, the Administrative and Sinking fund invoice codes are included by default and can be set to include more if needed.

1. Scroll up in the Opening Balance Setup window to start the entry for the Balance Sheet items.

- If further invoice codes are required for the Debtors/ Lot Balances, click the *Invoice Codes* drop-down selection in the top left and tick the required ones.
- Referring to the handover Debtor/ Lot Balances report, enter each balance into their respective funds. Enter any account in arrears as a whole number, and enter any lots with credit balances using the—symbol.

Account #	Account Name	Invoice Codes	Date (Current)	Year To Date (Old)	Budget (Current)	Budget (Old)
01521	INVESTMENT A/C ADDITION	<input checked="" type="checkbox"/> Admin Fund <input checked="" type="checkbox"/> Sinking Fund	5 - Jan 2026	Jan 2025	Feb 2025 - Jan 2026	Feb 2024 - Jan 2025
		<input type="checkbox"/> Admin Fund Special	0.00	0.00	0.00	0.00
		<input type="checkbox"/> Sinking Fund Special	0.00	0.00	0.00	0.00
		<input type="checkbox"/> Additional Fund 1	0.00	0.00	0.00	0.00
	NET ASSETS	<input type="checkbox"/> Other - ADMINISTRATIVE FUND	23,380.81	23,035.66		
	Debtors	<input type="checkbox"/> Other - SINKING FUND				
02100001	ORIGINAL OWNER	<input type="checkbox"/> Overdue Interest - ADMINISTRATIVE FUND	76.00	0.00		
		<input type="checkbox"/> Overdue Interest - SINKING FUND	100.00	0.00		
			220.00	0.00		
02100002	ORIGINAL OWNER	2 / 2	Admin Fund	0.00	0.00	
			Sinking Fund	0.00	0.00	
				0.00	0.00	
02100003	ORIGINAL OWNER	3 / 3	Admin Fund	-468.00	0.00	
			Sinking Fund	-100.00	0.00	
				-568.00	0.00	

- After entering each lot, scroll to the bottom and check the totals for Arrears and Advance. These should total the handover Balance Sheet amounts/ Debtor/Lot Balances Report.
- Enter any other Balance Sheet items, finishing with 012 Cash at Bank.

For any outstanding GST amount, it is recommended to create/use a different account code with the number *061004* called *GST Conversion Account* (or similar) and enter the figure there. This amount should be reconciled with the prior GST reports (software/manager) and balanced to nil with a Creditor Invoice / Credit Note with the lodgement of the first period BAS.

It should not be entered in the *061000 GST Clearing Account*, as this is a system account used to accumulate GST and calculate and save the *Business Activity Statement*(BAS).

- Click *Preview Financials* to view a copy of the draft financials, including the lot balances report. This is useful if someone needs to check the information before processing.

Processing Opening Balance Setup

Before processing, always complete a Data Storage. Refer to our [Data Storage](#) article.

- Click the *Save For Later* button
- Close the **Opening Balance Setup** menu.
- Complete the Data Storage.

4. Open the **Opening Balance Setup** menu and click the *Process* button.

5. The process will complete the following steps:

- Old Year (if entered) will be created, and transactions will be processed in the general ledger.
- Current Year transactions will be written in the general ledger to balance the amount entered.
- If the *Generate Due Levies* box is ticked, levies will be generated for all entered periods past their due date.
- Adjustment transactions will be processed to balance the lot/debtor accounts between the old and current year with a balancing entry, leaving the current year balance as the overall balance for the lot/debtor.

If processing the Old Year independently to the Current Year, the Process Date in **Opening Balance Setup** will need to be edited to a date different to the original Process Date.

Account #	Account Name	Lot/Unit	Fund	Year To Date (Current) Sep 2025 - Aug 2026	Year To Date (Old) Aug 2025	Budget (Current) Sep 2025 - Aug 2026	Budget (Old) Sep 2024 - Aug 2025
Assets							

012 Cash at Bank

Each of the fund's *012 Cash At Bank* fields should be left until all other figures are entered. The figure on the handover financials should also match the expected funds, which the previous management company usually transfers by EFT. An unrepresented receipt to the '012 Cash At Bank' account code will remain on the Bank Reconciliation pending the initial deposit, which will be presented to this transaction. If the transferred opening deposit in the Bank Reconciliation matches the exact amount of the unrepresented receipt this will automatically match.

If the figures are different, then it's possible that deposits or withdrawals occurred after the previous management company produced the handover financials. If this is the case, they should be engaged to provide details on any transactions so that adjustments can be made after the opening balances have been processed. When the initial deposit downloads, these adjustments are created in **Journal Preparation** or the **Bank Reconciliation** screen using the *Add Allocation* function.

Opening Balance Deposit Form (cheque)

Once the **Opening Balance Setup** screen has been processed and bank account details are loaded into

the **Bank Account Setup**, a deposit form can be printed for the *012 Cash at Bank* account. Once the funds have cleared into the bank account, if the exact amount matches the unrepresented receipt this will automatically match and present. If the deposit is different 'match to unrepresented' in the **Bank Reconciliation** screen and then use *Add Allocation* to account for any difference.

Refer to our **Print Deposit Forms** article for guidance on deposit forms.

Opening Balance Bank Reconciliation (New Buildings)

If the bank account funds balance was entered in account code '012 CASH AT BANK' during the **Opening Balance Setup** process and a deposit form was not created to deposit the funds, if the exact deposit matches the 012 Cash at Bank entered, the system automatically allocates the deposit. If there is a different please follow the below steps when the initial deposit appears in the **Bank Reconciliation** screen.

1. Search or select **Bank Reconciliation**.
2. Highlight the opening balance transaction to expand the transaction information.
3. Do not enter anything in the *Account:* field and simply click the *Match to Unrepresented* button.

4. Tick the *Receipt* in the 'Select Unrepresented' window.
 - Note that you must also tag the account code (most likely '011' or '012') before proceeding.
5. Note the difference in deposit amount and opening balances entered at handover for cash at bank, then select *Add Allocation* and enter a transaction to the appropriate account codes, such as Bank Fees for the difference.
6. Click *Auto Reprocess* once all transactions have been allocated as required.
7. If the **Bank Reconciliation** is not reconciled, it is recommended that you view the **Bank Reconciliation Report** and the **Local Transactions** for account '012 CASH AT BANK' to begin the *Reconciliation process*.

Opening Balance Transferred Buildings

Before proceeding with reconciling the bank funds for a transferred building, you should check the **Interactive Reports** to confirm which general ledger account code contains the funds as they can either be in '011 CASH ON HAND' or '012 CASH AT BANK'.

If the bank funds report on the '011 CASH ON HAND' account, then in the **Bank Reconciliation** screen, simply post to that account and click **Auto Process**.

If however, the bank funds report on '012 CASH AT BANK', then follow the below steps to match the funds transfer and enter a transaction to account for any difference, such as closing bank fees.

1. Search or select **Process Bank Statements**.
2. Locate the new building, where there will be a figure under the 'Variance' column, along with a red round warning icon.

Generate Due Levies

If the prior manager has issued levies for the current financial year and the due dates have passed for one or more of these, these can be generated based on the struck levies entered into **Levy Management**.

It is recommended that the levies be entered, struck, and generated in **Levy Management**, as this method does not allow for edits to be applied if they are generated using this setting.

Additional fields under new headers called 'Levy Balance' and 'Levy Amount' will appear under the **Lot Balances** section by ticking the *Generate Due Levies* box. These are where adjustments should be made to ensure the lot balance matches the handover financial reports after the levies are generated.
