Last Modified on 19/03/2025 1:43 pm AEST

The instructions in this article relate to **Reports / Utilities Global** and the **Group** option. The icon may be located on your [StrataMax Desktop](#) or found using the [StrataMax Search](#).

Group reports will print one consolidated report of the information for the buildings tagged. These reports may be run while other users are accessing buildings. If the building is locked, there will be a prompt to confirm what action is to be taken. After printing each report, check the log for this report to see if any buildings were skipped.
