

# Roll | Configuration and Overview

Last Modified on 21/06/2024 1:18 pm AEST

The instructions in this article relate to the **Roll** screen configuration and an overview of its functions, including the various automated roll reports available when changing the ownership of a lot in a building. The icon may be located on your *StrataMax Desktop* or found using the *StrataMax Search*.

Access is controlled by allowing permission to the **Roll** menu in **Security Setup**.

For instructions on procedures in the **Roll**, please refer to this link [here](#).

## Roll | Overview

1. *Help* opens online help search results for the term 'Roll'.
2. The *Lot* field is to change the lot account and can be used for the forward and back arrows to navigate to a different lot. Or use the ... to select the lot directly.
3. *Building Selection* is for changing to a different building.

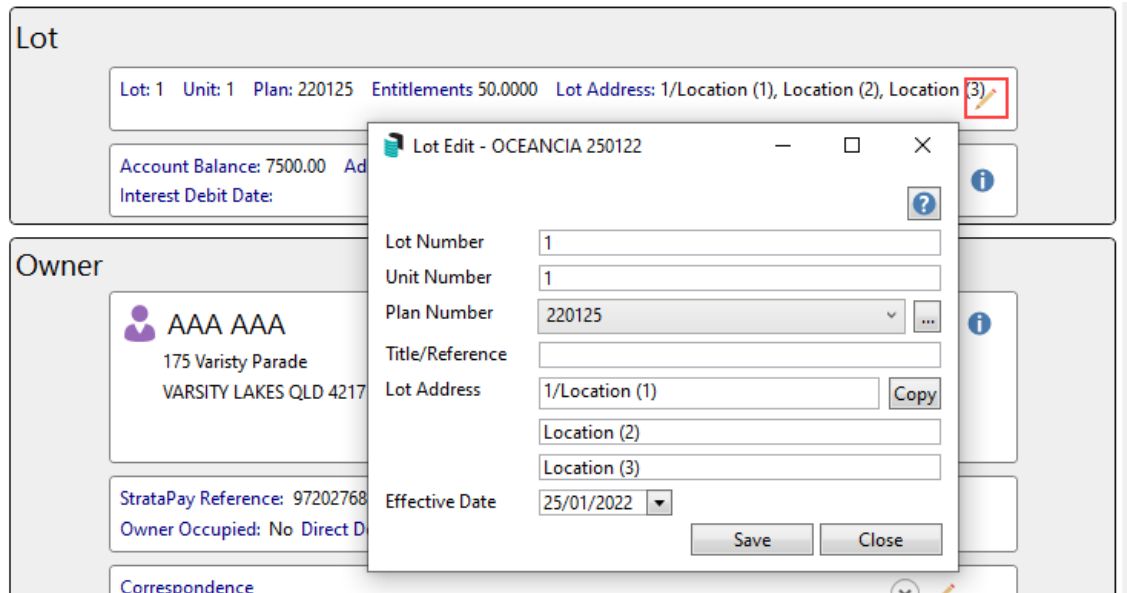

#### 4. Edit Lot Information

The *Pencil* in the 'Lot' section icon is for editing the following fields: *Lot Number*, *Unit Number*, *Plan Number*,

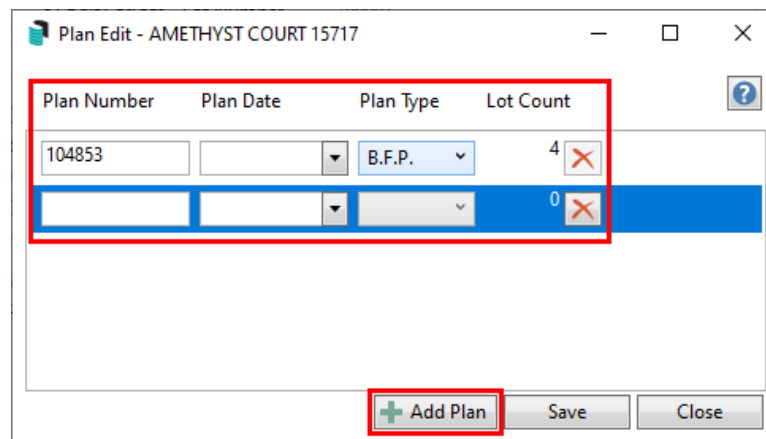

Title/Reference, and Lot Address. For changes to lot entitlements, you will need to complete a [Change of existing lot entitlements](#).

- If there are any data links, there will be a note to confirm this here.

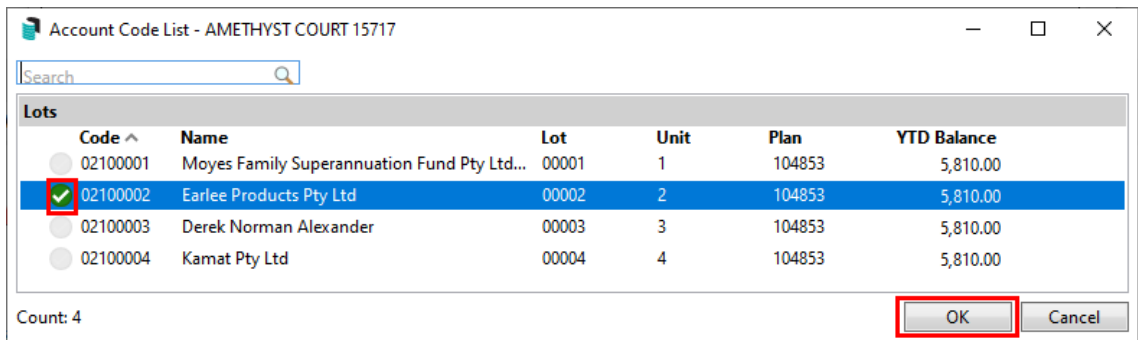

- [Edit Plan Number information.](#)

Click the ellipsis button [...] next to the *Plan Number* field to open the *Plan Edit* screen, where you can add more plan numbers, edit the existing plan number, and change the plan type. Click [here](#) for further instructions on how to apply different plan numbers.

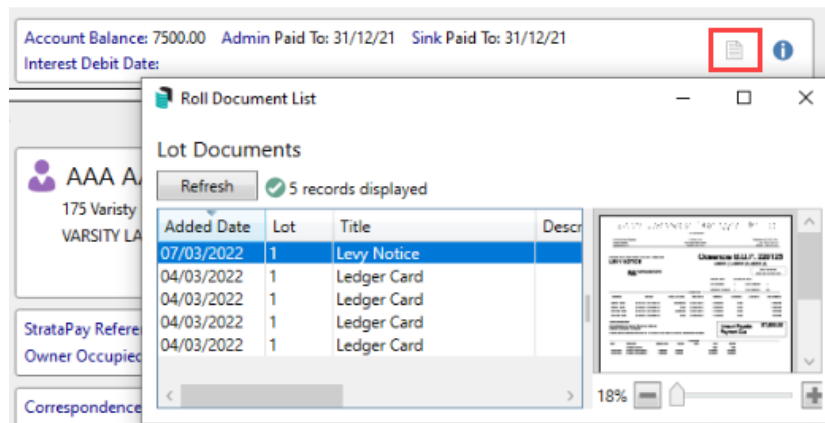

- [Copy Lot Address information.](#)

Click the *Copy* button to copy the *Lot Address* information to other lots in the building. Upon clicking the *Copy* button, tag the required lots, then click *OK*. Click [here](#) for further instructions on how to apply lot address information.

### 5. View Document Attachment

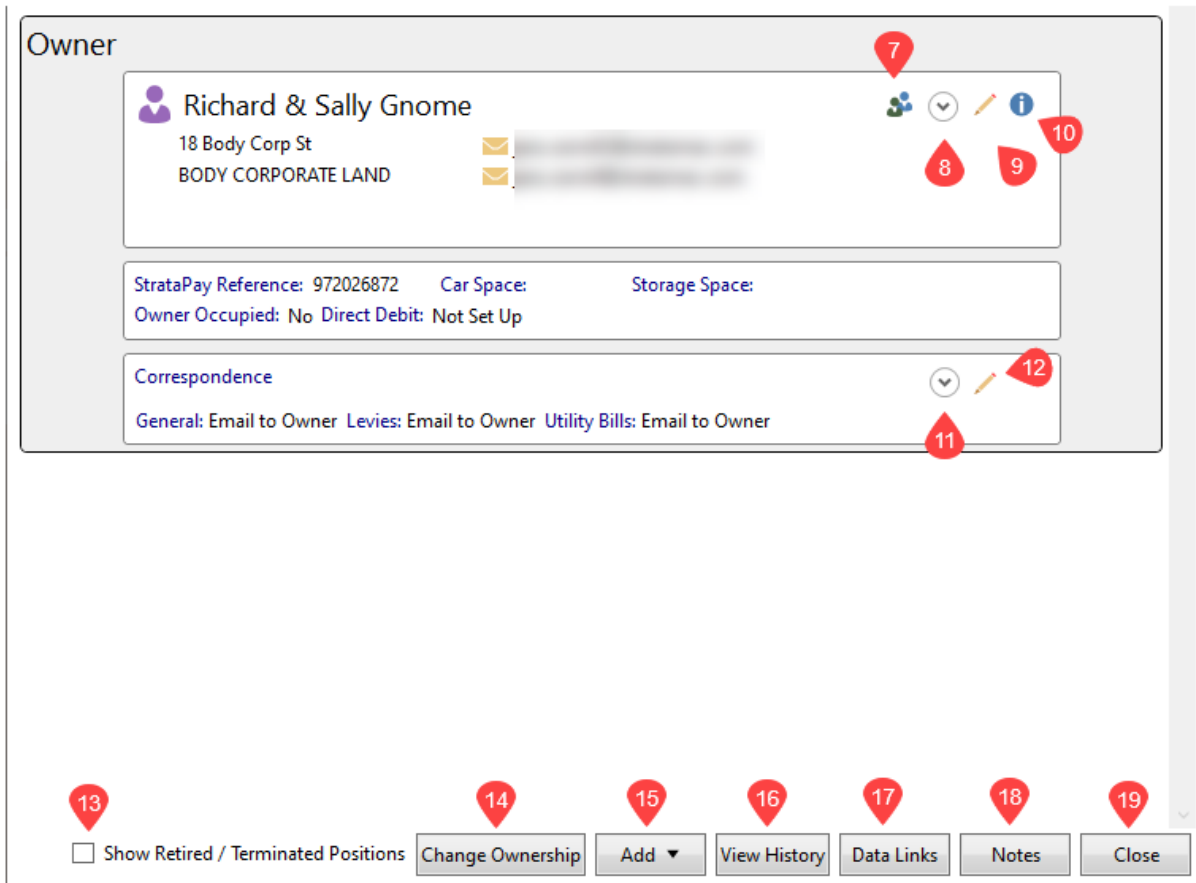

The *Document* button will display a preview of Levy Notices, Arrears Notices, Ledger Cards, Invoice Printing and Merge Letters produced for the owner and include the date produced. Also, the email address information will be included if sent by email. Double-click on the document or right-click to use the DocMax function to e-mail this document or complete any other DocMax function.

### 6. View Ledger Card

The blue *Info* icon will display an onscreen ledger card for the selected lot account.

Date	Description	DR	CR	Due	Balance
31/01/2022	Levy 01/04/22 to 30/06/22	1250.00		01/04/2022	1250.00
31/01/2022	Levy 01/04/22 to 30/06/22	2500.00		01/04/2022	3750.00
31/01/2022	Levy 01/01/22 to 31/03/22	1250.00		01/01/2022	5000.00
31/01/2022	Levy 01/01/22 to 31/03/22	2500.00		01/01/2022	7500.00
		Ledger Card		Balance: 7500.00	Overdue: 7500.00

The Owner section contains the contact information for the current owner of the lot and will be displayed within the Owner section. This may include single or split contact information depending on how many people own the selected lot.

7. The *Split* icon will appear when multiple ownerships that include **&**, **and** or **,** characters this icon will appear ready to split these into individual contacts. This will offer control over specific contact reporting and function for each.
8. The *Expand* arrow reveals the contact information including address, phone, email and website information. It will also allow for the bank account information to be entered. It does not replace the current *Direct Debit (Owner Bank Account/EFT Setup)* function for an owner refund or reimbursement.
9. The *Pencil* icon opens the *Contact Card* screen for the *Ownership details* where the information can also be edited.
10. The blue *Info* icon displays a preview of the *Contact Card* and also allow for the information to be edited.

Other information available in this area includes; the *StrataPay Reference* number with the *Direct Debit* status (if applicable), *Car* and *Storage Space* information.

## Correspondence Preferences

The **Correspondence** delivery arrangements are included in this area, specifically for General Correspondence, Levies and Utility Bills. This area is used to refer to when setting *Correspondence and Levy Notice* delivery

## Roll | Configuration

The below configuration options will assist in configuring the Roll screen set from **Roll** / File / Configure, with each setting confirming if User or Global groups are affected.

### Show Lot Selection on Load (user setting)

This will display the lot selection list on launching the Roll. If not configured, select the Lot account from the Lot selection tool.

### Owner reference name switch (user setting)

The Name Switch refers to the automatic switching of the last and first names entered in the Reference field when setting up a new lot or conducting a change of ownership.

### Meeting Notice Flag (user setting)

This configuration will set what the meeting flag (send Committee Meeting Notices or Minutes) would be in the Roll when new lots are created or when a change of ownership is done.

Label Printing and Merge Letters use this setting to exclude lots that have been set to 'N' (No) when preparing

labels or creating a merge letter.

#### **Clear Arrears Notice on Transfer (global setting)**

This setting will reset the arrears notice schedule when a change of ownership is done after the *New Owner Arrears Days / Arrears Days Key Field* has been reached (configured in [Arrears Notice settings](#))

## Change of Ownership & Change of Details - System-generated Report Sets

The settings in the Report Distribution window determine what merge letters and reports are configured when a change of ownership or details is performed, such as a Roll Details Confirmation Form, StrataMax Introduction Letter or Levy Notice. These reports can be adjusted and set to include as many reports and merge letters as desired or include none if preferred. When a change of ownership or detail is applied to the **Roll** record, these will be automatically produced based on what has been set in each. A Change of Details does not require a Merge Letter to be included.

### Adjusting Intro Letters Roll Report Set.

1. Search or select **Merge Letters**. Click Cancel to the *Merge Letter Report Selection List*.
2. Select *Intro Letters - Change of Details* or *Intro Letters - Change of Ownership* from the Report Set dropdown. Each can be adjusted.
3. Review what has been set, and configure any templates. Example - Levy Notice, Roll Details Confirmation by selecting the cogwheel on each and setting.
4. Click *+ Report* to add any further *Merge Letters* or *Reports*. These will be added one at a time.  
*NOTE: Click the red cross to remove existing merge letters and reports.*
5. Click the *Save* icon to update the report set.
6. Repeat for the other Intro Letter type if required.

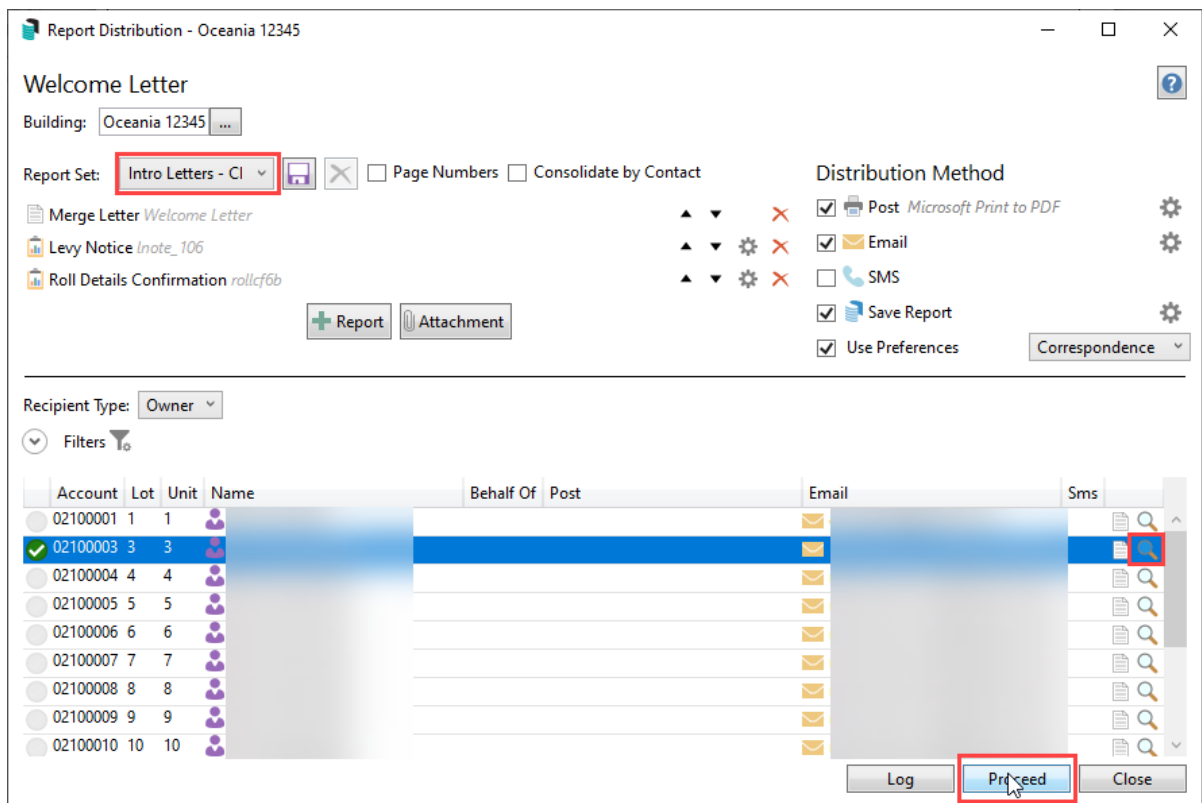

**NOTE:** If a *Roll Details Confirmation* report has been included in a [Report Set](#) it is recommended that the Confirmation Details Text is reviewed.

## Redistributing Intro Letters Roll Report Set.

1. Search or select **Roll**. In the Account Code List, select the required lot and click *OK*.
2. From *Reports / Print Intro Letters / select Change of Details or Change of Ownership*.
3. The selected account will be tagged in the *Report Distribution* window. Click *Proceed* or the *Magnifying Glass* icon to preview the report set.

4. From the *Report Publish* window, click *Proceed* to finalise the distribution.

## Change of Details - Remove Merge Letter

The settings in the Report Distribution window determine what merge letters and reports are configured when a change of details in the **Roll** is performed, such as a Roll Details Confirmation Form, Merge Letter or Levy Notice. These reports can be adjusted and set to include as many reports and merge letters as desired or include none if preferred. When a change of detail is applied to the **Roll** record, these reports will be automatically produced based on what has been set in each. It is possible to set only reports and not include a Merge Letter.

1. Search or select **Merge Letters**. Click Cancel to the *Merge Letter Report Selection List*.
2. Select the *Intro Letters - Change of Details* from the Report Set drop-down.
3. Review the reports set, and configure or remove any templates. Example - Levy Notice, Roll Details Confirmation by selecting the cogwheel on each.
4. Click the red 'x' next to the report to remove any *Merge Letters*.
5. Click the Save icon to update the Report Set.

## Roll | File Menu

This area discusses the options available under the *File* menu in the **Roll**.

### View Log

This opens the *Search Logs* window, pre-populated with various fields related to the **Roll** screen, specifically the log category of *ROLLED.LOG*. Click the green 'plus' button to add fields and enter information based on search criteria or the red 'minus' button to remove fields. Use the *Description* field to enter keywords to drill into a specific lot account. Click *Refresh* to review the results.

The screenshot shows the 'Search Logs' window with the following search criteria:

## Add New Lots

This is where new lots can be added to the building. If the process is to add new lots to a new building, please see this [article](#). If the process is to add new lots to an existing roll, please refer to the [Resubdivision article](#).

## Insert Original Owner (Developer)

If the original owner or developer is missing from the history in the **Roll**, it can be inserted retrospectively for all lots in a building. To check this information, click *View History* on any lot account within the building.

1. Enter *Date of Receipt of Notice* and *Acquired* date fields which must be before the original date of ownership for the building.
2. Click *Select Contact* or *Create Contact*.
3. Click **Finish**

## Import Roll

They are used for importing the .xml file that has previously been exported. This does require some knowledge and skill in Excel, along with an understanding of Roll field requirements. Please get in touch with [StrataMax Support](#) in the first instance to discuss your requirements.

## Export Roll

This will export the roll data onto a .xml file, which can then be opened and reviewed in Excel. This is mainly used in scenarios where the extracted data needs to be imported into StrataMax afterwards.

Please note that the *Import* and *Export* functions do not include the owner contact preferences.

# Roll | GoTo Menu

## Returned Mail Register

This will offer a shortcut to this register. Please refer to the [Returned Mail Register article](#) for more info.

## Occupation

This register offers the ability to enter occupation information specific to a lot account. This offers a report only in this area and does not link with the **Roll**.

## Levy Notice & Correspondence Delivery Arrangements

Reporting how an owner receives the levy notice and correspondence can be done in this area and is dynamic with settings offered for global agents and mortgagees and copies. Each lot will have two rows; one for the *Levy Notice* and one for the *Correspondence* (look under the 'Category' column).

1. Search or select **Roll**.
2. Select Reports/ *Levy Notice and Correspondence Delivery Arrangements*.
3. Clicking the *OK* or *Cancel* button will close the window.
4. Clicking the *Show in Excel* button will open the contents in Excel where it can be filtered etc.

## Tenanted Lots Report (NSW buildings only)

This report will confirm the total number of active residential lots per building, the number of active residential lots that are tenanted, the percentage of active residential lots that are tenanted and the name of the tenant representative if one has been appointed and registered within the roll.

It only applies for buildings in NSW in your portfolio. Section 33 of the Strata Schemes Management Bill 2015 and Section 7 of the Strata Schemes Management Regulation 2016 stipulate the requirement for the Strata Manager to arrange for the appointment of a tenant representative, if 50% or more of the lots are tenanted.

All buildings are reported so that any of which may be nearing a 50% limit can be identified and monitored.

Building Number	Building Name	Account Manager	Number of Lots	Number of Tenanted Lots	% of Tenanted Lots	Name of Tenant Representative
19831	TRAINING SUB GROUPS	StrataMax Training	5	0	0.00	
19832	TRAINING CERTIFICATES		5	0	0.00	
2019	LANA RESORT VII	Lana Clarke	20	3	15.00	Lessee One

When entering the *Lessee* contact in the **Roll**, select *Tenant Representative* to set the contact this member for reporting and also adding to the **Office Bearer** area as a Tenant Rep, *Office Held* position.

## Roll Plan Report (Lot Liability/Contribution Report)

This report opens in Excel, listing the building's lots with their contribution/liability and interest entitlements.

1. Search or select **Roll**.
2. Click *Reports > Roll Plan Report*

3. The report will be displayed in Excel.
