

Enhancements & Release Notes Videos

Last Modified on 26/09/2024 12:26 pm AEST

The videos in this article are recordings of our monthly webinars, covering the new features and enhancements that were being released and introduced at the time.

[Mastering the Updates: Essential Changes You Need to Know | Sept 2024 \(27 minutes\)](#)

View this recording of our September 2024 webinar covering the latest enhancements to StrataMax. During this session we talk about the [Bank Account Change Process](#), Search Print functionality, EFT Remittance Advice changes and [Journal Preparation](#). Don't miss this opportunity to stay ahead of the curve and make the most of these important updates.

[Enhancements & Release Notes | June 2024](#)

With so many new enhancements and features being released, staying across our release notes has never been more critical. Watch our recording from our June 2024 webinar covering the last six months of features. We review Icon updates, how to use the powerful search tools, Lock building changes as well as Payment configurations.

[Enhancement | Payment Process 2024](#)

This is a recording of the webinar delivered in February 2024 showcasing the changes to the Payment Process including Creditors Management, a new menu which displays Creditor Invoice details in one screen for review and the ability to mark Creditor Invoices on or off hold, replacing Payments Withheld Editor. Previewed are the Payment Entry and Payment Management changes including the sending of Remittance Advice. The Payments menu will replace the Post & Draw option that is used to create payments from StrataMax. The new user-friendly Payments menu provides a detailed overview of unpaid invoices and the tools to manage the payment of invoices from one screen.

[Preview: Creditor, Debtor, & Account Maintenance](#)

This is a recording of the webinar delivered in November 2023, exploring the latest enhancements in the Contacts Project. Discover how contact cards are transforming interactions with debtors, creditors, applicants, and account management. Experience an updated interface with enhanced features and reporting capabilities.

[Preview: Creditors & Payments Management](#)

This is a recording of the webinar delivered in September 2023, included are the changes to Creditors Management, a new menu which displays Creditor Invoice details in one screen for review and includes the ability to mark Creditor Invoices on or off hold, replacing Payments Withheld Editor. The Payments menu will replace the Post & Draw option that is used to create payments from StrataMax. The new user-friendly Payments menu provides a detailed overview of unpaid invoices and the tools to manage the payment of invoices from one screen.

[Enhancements & Release Notes | October 2023](#)

This video is of our October 2023 webinar reviewing all the new features and enhancements covering the new powerful **Search Inspections**, **Search Transactions (All Buildings)** as well as **Search Buildings**. We also discuss the **Email Template Manager** and **Print Deposit Forms** and give a sneak peak of the new **Transfer In/ Out** tool.

[Recent Releases Video | August 2023](#)

This recording is from our August 2023 Recent Releases webinar, and demonstrates the Deceased/Divorced option in the **Roll**, new fields in **Building Information** and our new powerful search menus - **Search Transactions**, **Search Work Orders**, **Search Quotes**, **Search Creditor Invoice Items** and more. We also provide some suggestions for office StrataMax Administrators in the lead up to Centralised Logins.

[Enhancements & Release Notes | May 2023](#)

This webinar delivered in May 2023, covering versions 5.6.80-5.6.76. The areas focused on include **Search Transactions** and **Search Bank Accounts** reports and what can now be done to save these searches for using frequent use. The Unpresented Receipt changes for Opening Balances, including the **Unpresented Payments and Receipts** report.

[Meeting Hub Enhancements Video | Q4 2022 & Q1 2023](#)

This is a recording of the monthly webinar that was delivered at the end of March 2023, covering the prior 6 months of changes and enhancements for Meeting Hub.
