

Search Income Tax

Last Modified on 13/01/2026 9:22 am AEST

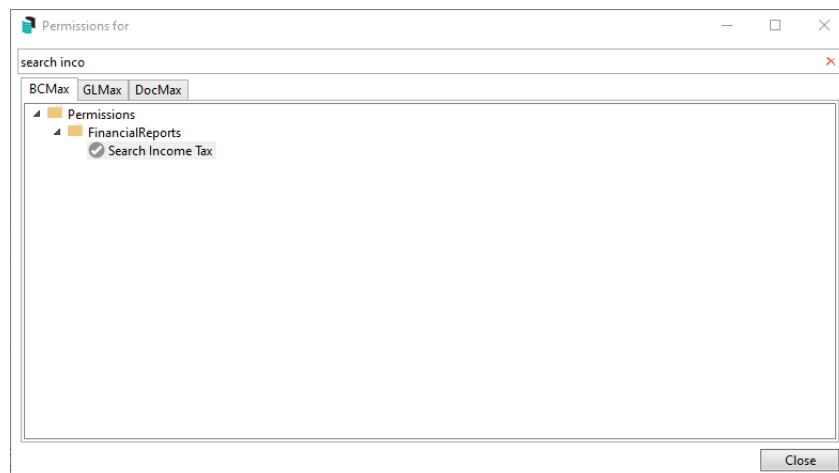

The instructions in this article relate to **Search Income Tax**. The icon may be located on your [StrataMax Desktop](#) or found using the [StrataMax Search](#).

Search Income Tax will assist with querying Income Tax for a single building or across your portfolio. Income Tax can be reported on prior tax years and can be viewed or the Income Tax Report produced. Searches can be saved for continuous use, which can then be optionally exported to Excel or produced into a PDF-style document.

Search Income Tax | Security

To access the **Search Income Tax**, the user must have permission set to 'Allow' for **Search Income Tax** under the 'FinancialReports' category in [Security Setup](#).

Search Income Tax

Search Income Tax will display Start Date, End Date, Income, Non Mutual Income, Partly Claimable Expense, PAYG Instalments, TFN and ABN fields for a single building or across your portfolio. Searches can be created based on set values; each column can be clicked on to sort and results can be exported to Excel.

1. Search or select **Search Income Tax**.
2. By default, the fields 'Current Building' and 'End Date' will be applied.
 - By removing (click the red 'minus' button) or changing the 'Current Building' field to a different field, it will display Income Tax information across your entire portfolio.
 - The 'End Date' field is used to select a specific date or date range, including an old or historic year. Or by removing (click the red 'minus' button) or changing the 'Date' field to a different field, it will display the full history of transactions.
3. To add another field, click the green plus button, then select the **Field** by clicking the drop-down menu.
4. Based on the selected **Field**, the **Condition** can be changed if required, and then you can change/select the required **Value**.
5. Click the *Advanced* button to display additional tabs down the left side:
 - *Columns* to add, remove, or change the order of the columns.
 - *Sort Order* to change how the data in the table is sorted (by column, A-Z, etc.).
 - *Advanced* to change the maximum number of records to display in the table (10000, 1000, etc.).
6. Click the *Refresh* button to search for the records.
7. If you would like to, you can export the data to an Excel sheet, by clicking the *Export* button.

Search Income Tax | Saved Searches

'Saved Searches' are designed for convenience so that you can save a selection of fields, columns, and a specific sort order so that it can be loaded later. There is also a tool to assist with quick-finding fields of text information. Use the top right corner and enter text into this field to search. Click *Find First* or *Find Next* to locate results.

'Saved Searches' can also be set as the 'default' search for the selected screen. This means that the selection of fields, columns, and specific sort order will be the one chosen whenever the menu screen/icon is selected.

'Saved Searches' can be saved for the current user, globally (accessible to all users), or for a specific user group.

If a Saved Search is loaded/opened this will be noted at the top of the search screen.

Work Orders

Refresh Export Advanced **Saved Search: Outstanding Work Orders**

Field	Condition	Value
Current Building		
Status	is not equal to	E-Finalised
Deleted	is equal to	<input type="radio"/> Yes <input checked="" type="radio"/> No

Saved Searches | Security Setup Permissions

A security permission will either allow or deny individual *Users* or *User Groups* access to create or delete a search. The permission is called 'Save Group and Saved Searches' under the 'Menus' category in **Security Setup**. You can also type the word 'Search' into the filter field and click the *Filter* button to see the permission.

If the *User* or *User Group* do not have the permission set to 'Allow', then the ability to save a search for all users or a user group will be inactive.

Save Search

☐ Available to users in a security group

☐ Available to all users

☐ Save as default

Save Close

Saved Searches | Set up a new Saved Search

1. Configure the required fields and click the *Refresh* button to display the required data.
 - Optionally click the *Advance* button to also configure the displayed columns, and specific sort order.
2. Click the *Refresh* button to display the data.
3. Click the *Save Search As* button, and the 'Save Search' window will appear.
4. Enter a 'Name'.
5. Select one of the three radio buttons, depending on your requirement:

- *Available to current user only* will save the search for the current user only.
 - *Available to users in security group* will save the search for the *User Group* selected from the drop-down (this radio button is only available if you have the right permission, and the *User Groups* available in this list are limited to the *User Groups* that you are a member of).
 - *Available to all users* will save the search for all StrataMax users (this radio button is only available if you have the right permission).
6. Optionally tick the *Save as default* box to load this 'Saved Search' whenever the menu screen / icon is opened.

Saved Searches | Load or Delete a Saved Search

1. At the bottom of the screen, click the *Load/Delete Search* button.
2. In the 'Load Search' window, click the blue *Load* button to load the *Saved Search*, or click the red cross button to delete the *Saved Search*.
3. If you click the *Load* button, the 'Load Search' window will disappear, and the screen will refresh automatically and load the *Saved Search* data.
4. If you click the *Delete* button, a confirmation pop-up will appear; Click *Yes* to confirm the deletion.

When a Saved Search is loaded/opened, the Saved Search name will be noted at the top of the search screen.

Saved Searches | Edit a Saved Search

1. If the *Saved Search* you want to edit has been set as the default search, it should be on screen already, and you can proceed to the next step. Otherwise click the *Load/Delete Search* button.
2. In the 'Load Search' window, click the blue *Load* button.
3. Now make any changes required to the required fields, and optionally click the *Advance* button to also configure the displayed columns, and specific sort order.
4. Click the *Refresh* button to display and check the data.
5. Click the *Save Search* button to save the applied changes.

Saved Searches | Add To My Dashboard

There is the option to add certain searches to your own *Dashboard*. This is limited to your own *Dashboard* only (you cannot add it to the *Dashboard* of another user or group), and only available in

these specific 'Search' screens:

- [Search Office Bearers](#)
- [Search Bank Accounts](#)
- [Search Creditor Invoice Items](#)
- [Search Work Orders](#)
- [Search Quotes](#)
- [Search Building](#)
- [Search Inspections](#)
- [Search Levies](#)
- [Management Fees Report](#)

1. Follow the steps to set up a new Saved Search, or edit a Saved Search (see the two relevant sections above).
2. In the 'Save Search' window, click the *Add To My Dashboard* button.

3. The 'Dashboard Configuration' window will then appear.
4. The *Report* drop-down menu cannot be changed from 'Saved Search'.
5. The *Display Title* can be changed to whatever is required.
6. Choose the *Display Type* that is preferred. See [Display Types](#) for more information.
7. Tick *Show On Desktop* if preferred.
8. Depending on which *Display Type* was chosen, the fields for the different number values will change. Observe the *Preview* to assist with picking the right number values suited to the *Display Type*.
9. Click the *Save* button.
10. Back in the 'Save Search' screen, there are now buttons to *Edit Dashboard* and *Delete Dashboard*.
11. Click the *Close* buttons on any remaining screens.

Export and Print

Each search can be exported to Excel or produced as a PDF-style report, and the column display for these reports will be included.

- *Export* - If there are more than 1000 results, Check the *Advanced* tab / Advanced area to report the maximum. Click Export for an Excel report.
- *Print* - Check the cogwheel from the Report Distribution screen to change fonts and set the letterhead style. This print style will produce the report based on the column width. Click Print for a PDF-style report.
